

TECHNICAL DATA SHEET

VIRAL PLUS ALCOHOL FREE FOAM HAND SANITISER – 22109

Formulated in response to the focus on hygiene problems in areas where infection through cross-contamination is a problem. The complex foam and sanitising system is primarily used on the hands prior to contact with people, surfaces, instruments, food, etc.

- ❖ Very effective – kills 99.9% of bacteria.
- ❖ No residual odour - unperfumed.
- ❖ Kind to hands.
- ❖ No need to wipe dry.
- ❖ Pleasant and easy to use.
- ❖ Leaves hands clean and germ free.
- ❖ Contains emollients to keep hands soft.
- ❖ Alcohol and Triclosan free.

USES:

A highly effective blend containing skin emollients and foam enhancers designed to conveniently sanitise without the need for drying on a towel. As it does not require water, it can also be used where a water source is not available.

Also available in individual foamers

DIRECTIONS:

Dispense foam onto palm of the hand and then massage over front and back of both hands, taking care to work well into webs and cuticle area. Ensure that both hands are fully treated. Shake hands in the air until dry.

DO NOT USE A TOWEL.

Repeat the process on a regular basis.
