

INDUSTRIAL MAINTENANCE CLEANER CONCENTRATE – 0694

Powerful cleaning action removes the heaviest industrial soil.

- ❖ Cuts through grease, oil and grime – ideal for engineering and plant cleaning.
- ❖ Controlled foam for scrubbing, wall washing and pressure washing.
- ❖ Highly concentrated and economical in use.

USES:

Industrial Maintenance Cleaner Concentrate is the ideal cleaner concentrate for:
Transport, garages, service stations,
haulage contractors, railways, dockyards,
engineering industries, manufacturing
plants, janitorial trade, local authorities,
etc.

DIRECTIONS:

Mop, spray, scrub or pressure wash, as necessary.

Dilutions:

1 part to 10 parts hot water for heavy duty grease, fat and wax removal.

1 part to 50 parts hot or cold water for pressure washing.

1 part to 100 parts water for light duty cleaning, damp mopping, etc.

Always rinse off with clean water after cleaning to remove any residue.

Note: *For aluminium cleaning, Industrial Maintenance Cleaner Concentrate must be diluted to 1-10 or above.*

TECHNICAL SPECIFICATION:

Composition: A blend of non-ionic and amphoteric surfactants, perfume, soil suspending and sequestering agents for use in both hard and soft water.

Appearance: Clear liquid

Colour: Green

Cloud Point: 55

Density: 1.075

pH: >13.5

Fragrance: Citrus
