

TECHNICAL DATA SHEET

LEMON DISINFECTANT - 10011

Specially formulated for effective disinfection of floors, walls and toilets. Has a clean, citrus fragrance and is safe on fabrics and floors.

- ❖ Ready to use lemon disinfectant for the control of pathogenic microbes
- ❖ Conforms to EN1276 Grade QAP30

USES:

Household disinfectant. Use to disinfect floors, walls and toilets keeping them free from the build-up of bacteria and leaving a fresh, citrus fragrance. Can be used in all areas and on all surfaces except where food is prepared or served.

DIRECTIONS:

Disinfection

Prepare a standard solution by diluting 1 part to 30 parts water. This solution may be used for routine disinfection of surfaces and sheets. Heavily soiled articles should be rinsed first.

Disinfectants should be freshly made. Use neat for drains, toilets, refuse bins etc.

Do not use in food preparation or serving areas.
Do not mix with other chemicals or cleaners.

TECHNICAL SPECIFICATION:

Appearance	Clear, lemon yellow liquid
Odour	Lemon
Water solubility	Soluble

When stored upright in original sealed container shelf life is 12 months. Ensure tops are secure and do not leak.

Avoid contact with aluminium

Safety: Keep out of the reach of children.

Not classified as hazardous but repeated or prolonged skin contact may cause dermatitis in sensitive individuals. Should not be taken internally, seek medical advice if swallowed. Do not induce vomiting. Wash mouth out with water and give water to drink.

In case of contact with eyes rinse with plenty of clean water for at least 15 minutes. Seek medical advice if irritation or symptoms persist.
