

## TECHNICAL DATA SHEET

### RINSE FREE POLISH STRIPPER - 1165

- ❖ Latest advanced technology to unlock metallised polish.
- ❖ Advanced soil suspending formula helps recovery.
- ❖ Low foam for speed use and ultimate wet pickup.

#### USES:

Rinse Free Polish Stripper is a modern alternative to caustic based polish strippers. Use Rinse Free Polish Stripper in well ventilated areas. Whilst it is good practice to rinse the floor with a mild acidic water solution before repolishing this is not necessary with this product.

#### DIRECTIONS:

**Mop Stripping** – Dilute Rinse Free Polish Stripper 1:5 with water. Mop the floor liberally. Leave for 5 – 10 minutes. Using the mop agitate with a fresh solution and leave for a further 5 minutes. Remove slurry with a mop or wet pickup.  
**Scrubbing Machine** – Dilute Rinse Free Polish Stripper 1:10 with water. Mop the floor liberally. Leave for 5 – 10 minutes and then scrub with a slow machine fitted with a black pad. Remove slurry with a mop or wet pickup.  
**Spray Stripping** - Dilute Rinse Free Polish Stripper 1:20 with water. Spray lightly ahead of machine fitted with a suitable pad at medium speed.  
**NB:** Do not use Rinse Free Polish Stripper to remove emulsion polish from sealed wooden floors or on linoleum, unsealed wood or unsealed cork floors.

#### TECHNICAL SPECIFICATION:

**Composition:** An aqueous blend of alkaline Builders, sequestering agents, soil suspending agents and detergents.  
**Appearance:** Clear thin liquid  
**Colour:** Blue  
**Cloud Point:** > 60  
**Density:** 1.014  
**pH:** > 13.5  
**Fragrance:** Slight solvent  
**Stability:** Two years in unopened container.  
**Storage:** Protect from freezing.
