

FLOOR POLISH STRIPPER - 1119

High active polish stripper.

- ❖ 'Unlocks' metallised emulsion polish, making removal easy.
- ❖ Effective, heavy duty detergent – ideal for all hard surface scrub cleaning jobs.
- ❖ Penetrating action rapidly loosens dirt and heavy build-ups.
- ❖ Recommended for use with all scrubbing machines.

USES:

Use Floor Polish Stripper to strip emulsion polish from linoleum, rubber, sealed wood, terrazzo and thermoplastic floors. Also as a heavy duty detergent for removal of impacted dirt from concrete, quarry tile and non-porous surfaces.

DIRECTIONS:

Polish stripping – dilute 1 part Floor Polish Stripper to 10 parts hot water. Mop floor and allow to soak for 10 – 15 minutes. Scrub thoroughly, preferably with a scrubbing pad. Remove solution with a mop or suction drier. Rinse thoroughly and allow to dry before reapplying polish.

TECHNICAL SPECIFICATION:

Composition: A blend of non-ionic and anionic surfactants, sodium metasilicate, sequestrants and solubilising additives in a clear water based liquid.

Appearance: Clear liquid

Colour: Ruby red

Cloud Point: 40

Density: 1.088

pH: > 13.5

Fragrance: Odourless

Stability: Two years in unopened container.

Safety: Keep locked up & out of reach of children.
In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. After contact with skin, wash immediately with plenty of water.
